PROFESSIONAL SUMMARY

Computer Science graduate with hands-on Front-End Development experience through a 120-hour internship. Skilled in HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), and React.js. Experienced in developing responsive, user-friendly web applications, integrating REST APIs, implementing localization and RTL/LTR interfaces, and building maintainable UI components.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Responsive Web Design

Programming: Java, Python, C++

APIs & Web: REST APIs, Open-Meteo API, Leaflet.js

Database: SQL, Oracle Database

Tools: Git, GitHub, Visual Studio Code

EXPERIENCE

Front-End Developer Intern | Tech Code

120 Hours | Gaza, Palestine

- Developed responsive web pages and reusable UI components using modern front-end technologies.
- Implemented responsive layouts optimized for desktop, tablet, and mobile devices.
- Applied Git and GitHub for version control and collaborative code management.
- Collaborated with the development team on front-end development tasks and UI improvements.
- Improved interface consistency, usability, and cross-device responsiveness.

PROJECTS

Glass Weather Dashboard

HTML5 | Tailwind CSS v4 | JavaScript | Open-Meteo API | Leaflet.js

- Developed a responsive weather dashboard featuring a modern Glassmorphism interface and dark/light themes.
- Integrated the Open-Meteo API to retrieve and display real-time weather data.
- Implemented Leaflet.js for interactive map visualization.
- Added Arabic/English localization with automatic RTL/LTR interface switching and timezone detection.

Live Demo: <https://sajaraed.github.io/glass-weather-dashboard/> | GitHub: <https://github.com/sajaraed/glass-weather-dashboard>

Coffee & Desserts Store App

React.js | Tailwind CSS | JavaScript | LocalStorage

- Developed a responsive React.js e-commerce application for desktop, tablet, and mobile devices.
- Built interactive shopping cart and checkout functionality with real-time totals and quantity management.
- Implemented product search, filtering, ingredient and allergen information, and delivery scheduling.
- Added Arabic/English localization with RTL/LTR support and LocalStorage persistence.

Live Demo: <https://sajaraed.github.io/coffee-app/> | GitHub: <https://github.com/sajaraed/coffee-app>

BS Luxury Hotel Website

HTML5 | Tailwind CSS | JavaScript | AOS Library

- Designed and developed a fully responsive luxury hotel website.
- Implemented mobile navigation, smooth scrolling, and scroll-based animations.
- Optimized layouts and user interfaces for desktop, tablet, and mobile devices.

Live Demo: <https://sajaraed.github.io/hotel-bs/> | GitHub: <https://github.com/sajaraed/hotel-bs>

Interactive Notes App

HTML5 | CSS3 | JavaScript (ES6+) | LocalStorage

- Developed a lightweight notes and task management application using Vanilla JavaScript.
- Implemented Masonry Grid layout, filtering, and persistent LocalStorage data.
- Added Arabic/English localization and light/dark theme switching.

Live Demo: <https://sajaraed.github.io/notes-app/> | GitHub: <https://github.com/sajaraed/notes-app>

EDUCATION

Bachelor of Computer Science

Al-Azhar University – Gaza, Palestine | GPA: 85.77/100 (Very Good)

CERTIFICATIONS

Frontend Web Development — 120 Hours

Code Tech in cooperation with Engineers Syndicate Training Center – Gaza | November 2025 – January 2026

LANGUAGES & SOFT SKILLS

Languages: Arabic (Native), English (Intermediate)

Soft Skills: Problem Solving, Teamwork, Communication, Time Management, Attention to Detail, Fast Learner
